Help protect the birds of the Fleurieu

All proceeds from the 2011 'Birds of the Fleurieu' Calendar & Greeting Cards go towards the White-Bellied Sea-Eagle Protection Campaign and a Habitat Restoration Project at 'SeaWings', a Heritage Agreement area at Waitpinga Cliffs on the

Fleurieu Peninsula. We are protecting remnant scrubland and revegetating using local native plant species to create more natural habitat for wildlife, especially the birds. All creatures are dependent on their

environment and loss of habitat is the major cause of loss of species. Let's resolve to do all we can to preserve our unique environment so we can continue to enjoy its biodiversity, not least its fascinating birds.
